RULES FOR THE HEIGHT OF CUSTOM STANDS

Dear Exhibitors,

Please note that the maximum height for **custom stands** is **2.50 m**. If you wish to construct a stand exceeding this height, you must submit a request for **prior approval**.

If FIL approves the request, it is **mandatory** that the back walls of the stand facing neighboring stands are **finished from 2.50 m upwards**, with **no advertising facing those stands**.

Note: All custom stands are required to submit the **stand design for approval**, in accordance with FIL'S regulations.
