

HEIGHT RESTRICTIONS FOR EXHIBITOR STANDS

Dear exhibitors,

Please note that the maximum height for own stands is 2.50m.

If you require a greater height, you must submit your request for our approval.

If the design is approved, please note that the backs of stands facing neighboring stands must be finished at a height of 2.50m with no advertising facing them.

IMPORTANT NOTE TO CONSIDER:

All companies with their own stands must submit their stand design for approval, in accordance with EXPONOR rules.

Thank you,

The EXPOSALÃO Team
