

Parking for exhibitors

The parking lots do not belong to EXPONOR. They are operated by an external company.

From October 24 to 26, during the fair, the exhibitor has a parking lot in front of EXPONOR, which is free of charge (see last image of the document).

In the indoor car parks, exhibitors will have a maximum cost per day of €3.90, which will be paid at the exit machines inside the pavilions.

During the event's assembly and disassembly periods, exhibitors will have free access to the parking lot as long as they are accompanied by their Access Voucher, which is sent by the organization (EXPOSALÃO) to your email address in advance.

Each Voucher/QR Code has an indication of assembly or disassembly, and the date/period of validity, and can be used without limit on entries and exits (or vice versa) as long as the registrations are made alternately, **there can never be 2 consecutive entries or 2 consecutive exits.**

To enter or leave the parking lot, simply scan the QR Code (printed or on your cell phone) against the respective readers available at the entry/exit terminals, as shown in the images below. The readers are marked in the photos with a **red rectangle**.

For the period of the event, the parking cards are paper (with barcode) and say "Exhibitor". They are only valid for the duration of the event (confirm the date) and the procedure for registering at the machines is the same as that described above for vouchers/Qr codes. Whether during the event or during set-up and dismantling, it doesn't matter whether the first registration is for entry or exit. You can enter with the Qr code, or, for example, take out the parking card at the entrance and leave with the Qr code or card, **always using the same Qr code or card** to enter or leave as described above.

ENTRY: Zoom in on the **QR Code** in the area marked with the red square.

EXIT: Zoom in on the **QR Code** in the area marked with the red square.

The maximum cost per day of parking is **€3.90**.

As an example:

Tarifas em frações de 15 minutos
Tariffs for periods of 15 minutes

1ª fração / 1st period	0,30 €
2ª a 4ª fração / 2nd to 4th period	0,20 €
